

Chorus: pg 260

It's the crash, It's the crash
Someone's made a hash
there's nowhere to hide your hard-earned cash

It's the crash, it's the crash, investors being rash.
your diluted shares are a heap of trash

Save the pound, our lovely pound, don't let her go down!

Save the pound, our beautiful pound, don't let her go down!

Save the pound our lovely pound, don't let her go down

Save the pound, our beautiful pound, don't let her go down!

O Lord just watch her go down! X2

O Lord Just watch her go down! X2
